Theta Delta Chi
Omicron Deuteron Charge

Hanover, NH
Spring 2021

ANNUAL MEETING

The annual meetings of the Board and the Incorporators of The Omicron Deuteron Charge of the Theta Delta Chi Fraternity Incorporated will take place **IN PERSON** on Friday, June 18 at 2:00 pm at the Charge House, 11 West Wheelock St., Hanover, NH.

If you would like to attend virtually please email lodgeprez@gmail.com. All in person attendees must be fully vaccinated.

UPCOMING EVENTS

FALL 2021: The annual Pledge Banquet will be held at Jesse's on a Wednesday evening in late September or early October. Please check the "TDX-Dartmouth Alumni Facebook" group for details.

JUNE 2022: We will resume having receptions at the house during reunions. We will also be dedicating the 150th Anniversary Donors plaque at the reception.

Dear Brothers,

These have been difficult times and the personal interactions we used to take for granted we now eagerly await resuming. During these times the Theta Delta Chi brothers, undergraduate and graduate, have supported each other and we can look forward to seeing one another in person soon. While COVID has disrupted everyone's lives the Lodge brothers have been resilient and true to the ideals of the Fraternity. I think we can all be proud of Omie Duet and the thank you letter and profile of this year's recipient of Dartmouth's TDX Scholarship in honor of J. Frank Drake 1902 and Addison Winship II 1942 is far better and more eloquent than anything I can write.

Your gifts help TDX provide financial assistance to brothers in need and we are proud that the Corporation because of your generosity pays the house dues for all brothers on financial aid and for all military veterans. In addition, we would continue to urge you to donate to Dartmouth College for the TDX Scholarship Fund in honor of Drake 1902 and Winship 1942.

With best wishes for everyone's health and spirits, I remain,

In the Bonds, James J. Calmas '84

APOLOGIES

As you know the Corporation is run by volunteers and mistakes happen and we apologize. Due to COVID our PO Box went unchecked for a while this winter and some gifts were returned to the sender while others went uncashed for a few months. We are working on improving our processes and rest assured that your gifts are greatly appreciated and needed. Without the approximately \$40,000 per annum given for "voluntary dues" our Fraternity would not be able to thrive.

Gifts can be made at pay.thetadelt.com

or pay by check at

Theta Delta Chi, Inc., C/o TJ Bonus '81, PO Box 22, Hanover, NH 03755

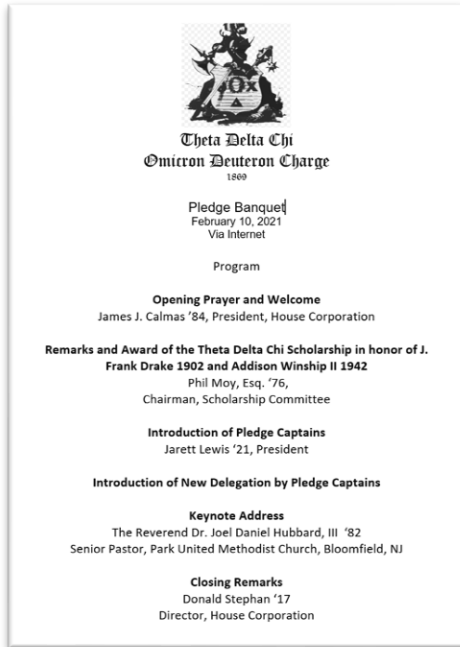

Banquet to Welcome Class of 2023

Excerpts from the Archives

Every Theta knows he could be none other than a brother member of the fraternity. There is an indefinable something, soliloquize as you will, that radiates its principles, for even the grip of a Theta pulsates the interpretation of its mystical letters. Every Theta lives its pulchritude in daily relations with fellow men; believes it and its incentive, to the betterment in ennobling life.

John Bailey Mills 1872 (charter member), address at semi-centennial, October 18, 1919

There have been great athletes, scholars, and success stories to emerge from Theta Delta Chi but brotherhood has come out the strongest. Just being able to associate with the greatest single group in the world is more than enough justification for a Dartmouth education. Norman Hackett said of Theta Delta Chi at Dartmouth: "It's not a Club, it's a Fraternity." I think that it's even more than that.

“History of the Omicron Deuteron Charge of Theta Delta Chi, 1969” By Dick Stowell ‘68, Dick Wallace ‘70 and Ad Winship ‘42

Known affectionately for over two decades by both its own members and the student body as the Boom Boom Lodge, the Theta Delta Chi Fraternity at Dartmouth consistently has had unusually high representation on the football squad as well as those of other contact sports. Their maleness indisputably is dominant. Their spirit is large, and whether in the role of policemen or pranksters, their visibility is high. Their energy is excessive. Their timing has been known to be poor, at least on occasion, in the eyes of the Dean.

Ad Winship ‘42, Undergraduate Advisor. “Report to Grand Lodge” in response to publicity about Omie Deut following the release of the movie “Animal House.”t

INTRODUCING.....the TDX Class of 2023. May they prosper beyond our wildest dreams.

TDX's Chiharu "Chick" Igaya '57

In a recent broadcast from the World Alpine Skiing Championships in Cortina d'Ampezzo, Italy, an announcer mentioned Chiharu "Chick" Igaya, a silver medalist for Japan at the Winter Olympics held at the same venue in 1956. The announcer added that Igaya had skied in the 1950s for Dartmouth College. In fact, Igaya—Theta Delta Chi '57, and now 89 years of age—is among the most decorated Dartmouth skiers of all time.

Igaya skied for Japan in the 1952, 1956, and 1960 Olympic games in Oslo, Cortina, and Squaw Valley. He skied for Dartmouth in the NCAA championships, winning a record six national titles in Alpine events in 1955, 1956, and 1957.

Igaya graduated from Dartmouth with a degree in geology. He worked for AIG in New York, then in Japan, rising to chairman of AIG Japan in 1994. He has remained active in Olympic circles, serving for decades on the International Olympic Committee (IOC), including a term as vice-president. In 2006, he was awarded an honorary doctorate of humane letters from Dartmouth.

In an interview with Lisa Furlong in the Dartmouth Alumni Magazine in 2010, Chick said that his "family and friends were much worried about my heading to the United States just two years after the signing of the U.S.-Japanese peace treaty. I wasn't worried," he said, "because of the people I had met at the 1952 Oslo Games and while competing in the States after that." "As the only Japanese student on campus," he added, "I was pretty recognizable even to those who paid no attention to skiing." In advice for all athletes, he said: "Sports technique is not enough to become the best sportsman. You have to learn to use your head to win." And in a story reminiscent of the infamous Winter Carnival "slide" often built from the porch roof of TDX, Igaya recalled: "They used to show my 1956 crash at Cortina in the Olympic museum in Lausanne. I was very interested to watch it and amazed I survived in one piece."

Igaya's teammate, Tom Ettinger '60, recalls Chick's same intrepid daring. Ettinger was a freshman skier in the winter of '57. He and the other frosh were in awe of the Olympic medalist. But Ettinger also recalls Chick's modest and helpful nature: at team practice runs at the Suicide Six ski area in Woodstock, Chick often took time to teach the new skiers lessons he had learned at the highest levels of world competition. Other skiers from TDX also skied with Chick: Dave Harwood (himself an NCAA champion in '58) and Bill Smith were co-captains of the '58 team, and Tom Brock '60, was a Nordic skiing specialist. (Brock was undergraduate president of the Lodge and later president of the TDX House Corporation).

Ettinger's most vivid memory of Chick still lingers, now decades later. As Ettinger rode up the lift at Mt. Mansfield in Stowe, Vermont, that day, he had a bird's eye view of the treacherous "National" trail. National was long known as one of the steepest and mogul-filled in the East. Suddenly, there appeared a figure at the top of the trail, descending at a high rate of speed. It was Tom's former teammate. Chick shot down the trail, seeming to take the moguls "three at a time." Ettinger, a life-long skier, said recently from his home in Vermont: "It was the most acrobatic display of skiing I have ever witnessed."

TDX Corporation Announced Amnesty

Inspired by Charles “Zeus” Stevens ‘57 the Corporation has launched an Amnesty program which will be in effect until September 1, 2021.

Zeus called us to admit that he had not paid house dues from 1959-1960 when he returned to Dartmouth to finish his studies following military service and he wanted to make amends. This act of generosity and loyalty spurred our progressive Corporation Treasurer, Tom Naughton ‘89, to roll out an amnesty plan. Any alumnus brother who pays full alumni dues (\$200) or more between now and September 1 will be absolved of past financial obligations incurred from among things:

- Non payment of dues and/or rent
- Attempting to burn a door in the fireplace
- Discharging fire extinguishers
- Errant croquet balls shattering windows
- Breaking door to the old kitchen
- Running air conditioners while the heat is on
- Running water continuously into above ground pool for the entire summer
- Not doing house job or showing up for clean up
- Skipping out on doing promised chores for house ride
- Making collect calls from house pay phone which got charged back to the house
- Stealing house furniture, in particular Dartmouth Chairs which were placed in the library in ‘09
- Putting holes in wall
- Throwing paint on a Blood’s tent on the BHCF during reunions
- Breaking pong tables by belly flopping on them
- Damaged stair treads from stair diving
- Unpaid share for Senior ‘Tails
- Broken light fixtures
- Not paying for 150th

While the Corporation needs the money we’d also love to get the story behind your amnesty payment. If you would like to tell your story and remain anonymous we will honor your wishes. Please email your stories to lodgeprez@gmail.com or send them in with your checks. Perhaps the Dean of the College will follow our lead and clean the slates of brothers who may have transgressed in the eyes of the Dean’s office.

Reminder - We are a 501c7 organizations and gifts to the Corporation are not tax deductible

In Memoriam

Richard G. Brace ‘54
Richard H. Stowell ‘68

It is also with heavy heart that we share the passing of another one of our beloved labs, Chieftain T. Lodge. Chief lived a long and prosperous life and passed peacefully into the night.

Letter From Hayden Kim '22, Recipient of the College's TDX Scholarship in Honor of J. Frank Drake 1902 and Addison Winship II 1942

Dear Mr. Moy,

My name is Hayden Kim and I am the '21 who was selected for the Theta Delta Chi Scholarship Fund in honor of J. Frank Drake 1902 and Addison L. Winship II 1942. I cannot even begin to express how eternally grateful I am to be given the chance to attend Dartmouth. I think the high school sophomore version of me, who visited Dartmouth for the first time on a whim, would be really happy about how everything turned out.

Going into Dartmouth, I had no idea of what I wanted to do, much less even know what major to pursue. Looking back, as a student in my final year, I am extremely pleased with how the past four years went. I am a double major in Economics and Geography, where I focus on international development. On campus, I am a brother of the Theta Delta Chi fraternity, senior editor of the World Outlook undergraduate journal of international affairs, and am a member of the Dartmouth Rugby Football Club, Dartmouth Investment and Philanthropy Program, Dartmouth Consulting Group, Dartmouth Business Journal, Winter Sports Club, Dartmouth Finance Society, Nelson A. Rockefeller Center, and the Political Economy Project. With the backing of Dartmouth, I have also served as a research assistant to a Dartmouth professor, co-founded my own marketing consulting company, interned at two different hedge funds and an investment bank, and will be working as an investment banking analyst this July after I graduate.

Growing up, money was always a worry, which prevented me from pursuing extracurricular activities that seemed exciting to me. Thanks to your help, that wasn't an issue at Dartmouth, where I was able to travel freely with my fraternity brothers and take lessons and develop passion for things I was not able to pursue before, such as snowboarding. Attending Dartmouth was a pivotal moment in my life, and I wanted to thank you so much for giving me the chance to experience it fully!

Sincerely,

Hayden H. Kim '21

PLEASE SHARE A STORY ABOUT A MEANINGFUL RELATIONSHIP THAT IS PART OF YOUR DARTMOUTH EXPERIENCE.

For me, being a brother of the Theta Delta Chi fraternity is a huge part of my Dartmouth experience. From getting breakfast sandwiches at Collis together to studying in the Stacks late into the night, my experiences with my brothers have been the defining moment of my Dartmouth experience. From discussing job prospects to discussing our favorite Star Wars movie, I am fortunate to have a community where I can discuss anything with. Specifically, one, or a series of, moments that stick with me is during Sophomore Summer, and spending nearly every day watching the sun set on the surf with my brothers. I understand most people expect an "academic" answer when describing a specific Dartmouth experience, such as discussing Roman history or meeting the Secretary of State, but to me, the community I made here is the most important thing from my Dartmouth experience.
